## The Knock-out Blow.

The blow which knocked out Corbett was a revelation to the prize fighters. From the earliest days of the ring the knock-out blow was aimed for the jaw, the temple or the jugular vein. Stomach punches were thrown in to worry and weary the fighter, but if a scientific man had told one of the old fighters that the most vulnerable spot was the region of the stomach, he'd have laughed at him. Dr. Pierce is bringing home to the public a parallel fact; that the stomach is the most vulnerable organ out of the prize ring as well as in it. We protect our heads, throats, feet and lungs, but the stomach is utterly indifferent to, until disease finds the solar plexus and knocks us out. Make your stomach sound and strong by the use of Dr. Pierce's Golden Medical Discovery, and you protect yourself in your most vulnerable spot. Golden Medical Discovery cures "weak stomach," indigestion, or dyspepsia, torpid liver, bad, thin and impure blood and other diseases of the organs of digestion and nutrition. The "Golden Medical Discovery" has a specific curative effect upon all mucous surfaces and hence cures catarrh, no matter where located or what stage it may have reached. In Nasal Catarrh it is well to cleanse the passages with Dr. Sage's Catarrh Remedy fluid while using the "Discovery" as a constitutional remedy. Why the "Golden Medical Discovery" cures catarrhal diseases, as of the stomach, bowels, bladder and other pelvic organs will be plain to you if you will read a booklet of extracts from the writings of eminent medical authorities, endorsing its ingredients and explaining their curative properties. It is mailed free on request. Address Dr. R. V. Pierce, Buffalo, N. Y. This booklet gives all the ingredients entering into Dr. Pierce's medicines from which it will be seen that they contain not a drop of alcohol, pure, triple-refined glycerine being used instead. Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

## DISORDERS IN PHILADELPHIA.

Trouble broke out last night in the trolley strike in Philadelphia. Gangs of strike sympathizers in Kensington, Frankford, and other outlying quarters barred cars, stoned policemen, assaulted strike-breaking motorists and conductors, and injured several citizens that had been injudicious enough to take to the trolleys after dark.

Last night, to the surprise of folks in general, Director Clay let the saloons open up after having kept them closed for several days. The next thing that happened last evening was the company's attempt to run cars after dark. The result of these moves was rioting. The strong armed and lawless got a chance to fill up on whisky. They then went out to join at the strike-breakers. They were joined and encouraged in several parts of the city by thousands of sympathizers among men of many trades. In an hour's time had breaking, brick throwing, car burning and assaults were reported from half a dozen parts of the city.

Mobs of men, women, and children pulled the motormen and conductors from their cars and beat them severely. The strikers captured ten cars at 8 o'clock at Front and Byrds streets. Nearly a thousand men held back a squad of twenty policemen, while the cars were wrecked with axes and battering rams, consisting of heavy planks swung by three or four men on a side. Several shots were fired, but nobody was hit by a bullet.

The imported strikebreakers proved to be a disappointment to the company. Many of them deserted their cars at the first sign of trouble and left them standing in the street at the mercy of the mob. Several of them applied to the strikers for aid to get back to New York.

During the course of the Kensington riots, Policeman Levy was shot in the back of the head, and is said to be in a dying condition. In the same section a block of five cars were piled in the street after being partially demolished with paving stones and were then set on fire.

At least 100 persons have been more or less seriously injured.

## DEATH CAUSED BY MORPHINE.

Morphine caused the death of Dr. Haldane Clemons' wife in Chicago. This preliminary report was given Governor Hoffman last night by Dr. E. R. Leeman, who, with Prof. Haines, made a chemical analysis of the contents of the stomach and intestines of the murdered woman.

Out of the conflict of statements made by Dr. Clemons since his arrest on the charge of murdering his wife, who was found dead in their home at Rogers Park last Sunday morning, Police Captain Kane has picked a story which he considered a most important pivot upon which to revolve the case.

Capt. Kane said last night that since he obtained Dr. Clemons' confession that his original story about burglars chloroforming him and his wife was a lie told "to save the honor" of his children, the accused physicians had told him that his wife attempted suicide two weeks previous to her death after he had accused her of infidelity.

"We had been man and wife in name only for two years, although before the world we lived together," was the doctor's story as given out by Capt. Kane. "I accused her of unfaithfulness on account of her condition. She tried to commit suicide. I think it was morphine that she took. I administered strychnine to revive her, and after she had recovered she promised me faithfully that she would not attempt suicide again, but she did, and succeeded."

Supplemental to this story is another, attributed to the prisoner, to the effect that a mixture containing twenty grains of chloral in his medicine chest was made up for a graduate of the Hahnemann Medical School, and that his wife knew it was there. He said he had refused to give it to the classmate after the latter had admitted that he wanted to use it for "knock-out drops."
